SECTION 4. Suggested Minimum Reference Price.

The Municipality recommends a suggested minimum amount of One Hundred Seventy Pesos (₱170.00) per kilogram of actual live weight as a voluntary reference for negotiations.
Suggested gross purchase amount = Actual live weight in kilograms × ₱170.00.

The actual amount payable shall follow the independently agreed price and any lawful charges or deductions disclosed and accepted by the parties.

SECTION 5. Transparent Weighing and Transaction Practices.

Hog raisers, buyers, and traders are encouraged to observe the following practices, without dispensing with requirements already imposed by applicable laws and ordinances:

a. Use accurate weighing equipment and comply with applicable testing, calibration, and sealing requirements;
b. Allow both parties or their authorized representatives to observe the weighing and verify the reading;
c. Agree in advance on the price per kilogram, payment terms, transportation charges, and any deductions; and
d. Keep a transaction record showing the date, parties, actual live weight, agreed price, charges or deductions, and total amount payable.

SECTION 6. Barangay Assistance and Referral of Disputes.

Parties with transaction concerns may seek assistance from the Punong Barangay or the Lupon Tagapamayapa. Barangay conciliation shall follow Sections 408 to 412 of Republic Act No. 7160, including jurisdiction, venue, and procedural requirements.

A person designated by the Punong Barangay may provide administrative assistance or referral within lawful authority. Such designation shall not transfer statutory mediation, conciliation, or arbitration powers or authorize representation contrary to applicable barangay procedures.

When settlement is unsuccessful, the parties may pursue remedies before the proper court or competent authority, subject to barangay-conciliation prerequisites and exceptions under law.

Alleged criminal acts, threats, or matters requiring police intervention may be reported to the PNP for appropriate action within its jurisdiction. An unresolved civil pricing or payment dispute does not, by itself, become a police case.

Suspected anti-competitive conduct may be referred to the Philippine Competition Commission. Weighing, animal-health, and food-safety concerns shall be referred to the appropriate regulatory office.

SECTION 7. Promotion of Safe Locally Produced Pork.

The Office of the Municipal Agriculturist, in coordination with concerned offices and barangays, shall encourage consumers to support locally produced pork that complies with applicable meat-inspection, food-safety, and sanitary requirements under Republic Act No. 9296, as amended by Republic Act No. 10536, and Republic Act No. 10611.

This encouragement shall preserve consumer choice and shall not restrict lawful trade in pork from other localities.

SECTION 8. Hog Transport and Required Documents.

Before transporting hogs outside the Municipality, haulers shall secure the permits, certificates, and clearances required for the particular shipment under applicable laws and regulations, including DA Administrative Order No. 05, series of 2019, and current animal-health and disease-control issuances.

The Office of the Municipal Agriculturist shall provide assistance and coordinate with the appropriate veterinary and quarantine authorities regarding Veterinary Health Certificates, Local Shipping Permits, and other required documents. Each document shall be issued only by an office or professional legally authorized to issue it.

The Office shall maintain and make available current guidance on requirements applicable to the shipment's origin, destination, route, and animal-health status. Existing quarantine and movement restrictions shall be observed.

This Ordinance does not create a separate transport permit or fee. Any local permit or charge must have an independent lawful basis. Transport documents shall not be conditioned on adherence to the suggested price.

SECTION 9. Implementation and Information Dissemination.

The Office of the Municipal Agriculturist, under the supervision of the Municipal Mayor and in coordination with relevant offices and barangays, shall disseminate the suggested price with a clear statement of its voluntary nature, consult stakeholders, monitor market conditions, and provide referrals under this Ordinance.

Price monitoring and consultations shall not facilitate agreements among competitors on future prices, output, customers, or territories. Public price reports should use aggregated information where practicable.

SECTION 10. Periodic Review.

The Office of the Municipal Agriculturist shall review market conditions at least once every three (3) months, or sooner when significant changes occur, and submit recommendations to the Municipal Mayor and the Sangguniang Bayan. Any revision of the amount in Section 4 shall require an amendment to this Ordinance.

SECTION 11. Funding.

Implementation expenses shall be charged against available appropriations of concerned offices, subject to budgeting, accounting, and auditing rules. Additional appropriations shall require separate authorization by the Sangguniang Bayan.

SECTION 12. Separability

If a provision is declared invalid or unconstitutional, the remaining provisions not affected shall remain in force.
